THE SALTWATER EXPERIENCE...

WATER QUALITY At SWSS, we pride ourselves on providing unparalleled water quality and aim to combine health, comfort and sustainability into one seamless experience. With a unique blend of magnesium and potassium minerals, our water provides numerous health benefits while being kinder to the environment and your skin.

With this in mind, please be reminded that **showers are rinse off only**. This not only maximises the benefits to your skin, but also allows all families to make use of our facilities after lessons.

ON-GOING ASSESSMENTS AND ON THE SPOT FEEDBACK: Our Pool Deck Co-ordinators are always actively assessing classes during lessons. This is all part of our effort to monitor each child's development and ensure we maximise their learning potential.

IPAD's: Our teachers will now have Ipad's in their classes. This will be used to track attendance and aid our pool deck co-ordinators in assessing classes more efficiently and effectively.
